Spanish: Advanced / Higher Intermediate Level

Instructor: Athan Davies

Students at this level would normally have completed the Intermediate Level course, which emphasized the Listening and Speaking skills. There will be a two-pronged approach, the first of which will constitute an in-depth study of Spanish grammatical structures. Thus we will examine the past and future tenses of Spanish irregular verbs. Also included will be the Present Perfect, Past Perfect and Future Perfect of all regular verbs – and those of a few irregular verbs. Advanced use of the Parts of speech and idiomatic expressions in Spanish will also be studied! The goal here will be to encourage students to express themselves at a much higher level, grammatically. Reading will be part of the daily routine, as students will be encouraged to further sharpen this aspect of their learning skills.

The other main area of emphasis will include student-to-student and teacher-student conversations, in addition to role play via reading. To this end, students will do a few projects, each of which will be presented (to the class) upon completion. Topics will be unit specific! Also, there will be a "Personal Questions" segment in the daily agenda, one which will require students to express themselves on a wide range of topics.

Tuesday 6:30-9:00 p.m.

Resident Fee: \$60.00

Non-Resident Fee: \$70.00

Spanish: Beginners**Instructor: Athan Davies**

The goal will be to fulfill the needs of students at this level, using the four learning skills, with an emphasis on the listening and speaking. The following are some of the highlights: A review of the most important verbs and constructions learned in Level 1. Learning vocabulary and grammar needed to find your way around in a "Spanish -only" environment. Constructing sentences using a few irregular-but very relevant-verbs. The Past Tenses (Preterit and Imperfect) of regular verbs. The Future Tenses (Near & Simple). Writing compositions and dialogues of about 50 words-in pairs and groups. Vocabulary "register"-related to means of transportation, vacations, visiting restaurants, and museums (in greater details) going shopping, and other places of interest. Constructing sentences and role-playing via dialogues relating to the above-mentioned vocabulary registers, plus (the zoo, airport, train station, post office, the movie theater, concert hall, the mall, etc.)

Students will learn the basic vocabulary and constructions required when meeting people for the first time, finding their way around in a French-only environment, and day-to-day communication-present tense of fundamental verbs, nouns, adjectives, prepositions and other parts of speech. They will also learn popular/frequently used expressions, and "false friends" in French vocabulary (i.e. words that may look and sound like cognates), to enable them to blend in when they are in unfamiliar French milieu.
